Compare Playful Delights to other adult party plans

Starting your own business can be very rewarding, but you will be faced with a lot of decisions to make. At Playful Delights we have taken the time to provide you with more information to help you make an informed decision and choose the company that best meets your needs and goals. Many companies require you to get your own credit card merchant account. We process your Credit Cards, which saves you about \$200.00 set up fee in addition to monthly statement and other fees. Some companies may require you to sign a no compete agreement and in the event you want to switch to another company you could be faced with legal issues, unless you wait 1 year or more before you start with another company. At Playful Delights, you can leave anytime you like with a 30-day notice.

Your buying discount – Many companies start you out at 25% up to an avg of 40% and to get to an additional 10% to provide you with a total discount of 50% you must achieve certain goals in sales, size of your kit purchase and the number of recruits. If you do not meet certain monthly goals you could loose your buying discount, basically hurting your business profits. At Playful Delights, you will always keep your buying discount of 50% from the start.

We know you want to compare to make sure you are making the best business decision so we have taken the time to do an analysis of the products and prices offered by Playful Delights and some of the other companies.
